Padam Shri. Punam Suri Ji

President DAVCMC, New Delhi
& Arya Pradeshik Pratinidhi Sabha,
New Delhi

From the President's Pen

DAV's vast, pervasive network of institutions owes its strength and sustenance to the age-old values and wisdom that are so reverently enshrined in the Vedas. When Swami Dayanand gave the historic call 'Back to the Vedas', he laid the foundation of a noble society founded on the moralistic principles of Vedic wisdom. Thus was created "Arya Smaj", Swami Dayanand's dream for the betterment and upliftment of society. And when Mahatma Hans Raj carried forth the torch of Vedic light into the field of education, DAV -- Dayanand Anglo-Vedic-institutions were created.

DAV, right from its point of existence, embodies the spirit of sagacity and sacrifice that was so deeply entrenched in the lives of the renowned stalwarts such as Mahatma Hansraj and Lala Lajpat Rai. In my discourses, I often highlight the strategic wisdom of the placement of the three letters D,A,V where "Anglo" refers to Western philosophy and knowledge, and its position in the middle signifies the wonderful balance that our institutions achieve, that is, to remain rooted in the Vedic values revered by Swami Dayanand, while imbibing the best of Western thought.

For DAV, there is no limit to the attainment of knowledge because our Vedas inspire us to delve into the soul as well as seek awareness of all that the outer world has to offer. It is due to this divinely powerful combination of the mind and the soul that DAV, with a strength of nearly 800 institutions, has spread all over India as well as abroad.

Our challenging journey towards excellence goes on.

His quest for excellence has become an instrument of positive change and myriad innovations.

Dr. Pawan Sharma
Principal

Studying at DAV College

MISSION & OBJECTIVES

D.A.V. College Chandigarh was founded in 1958, when the city of Chandigarh was in its infancy. The college has grown with the city, becoming an integral part of the region's socio-cultural milieu. The college belongs to the family of the famous D.A.V. institutions, founded by Mahatma Hans Raj, and inspired by the great visionary-Swami Dayanand Saraswati-the doyen of the Arya Samaj, who believed that, "True education consists in promoting knowledge, civilized manners, virtuous character, self-control and other moral qualities and in dispelling ignorance". He had always felt that the scientific knowledge of the west needs to be absorbed in the cultural milieu of India. The DAV movement, which started in 1886, gives a practical shape to the ideals of Swami Dayanand's educational philosophy, which aims to develop a modern scientific approach among the students, coupled with an understanding of their roots in the ancient Vedic Culture. The D.A.V College, Chandigarh is trying to bring about this synthesis by imparting to the students the best of new world humanistic, scientific and technical knowledge with the sense of history of their rich cultural heritage-the Anglo and Vedic values. We work to achieve these broad objectives.

The college was built from scratch with missionary zeal. Brick by brick, the early principals and teachers at the college put in marvelous individualistic efforts to launch the college. And those among the student's who saw the college come up, knew exactly, what the growth had entailed. They experienced first hand sense of selfless labour and love, and of duty and discipline, which had gone into the making of the institution. Intriguingly, it is this reason that makes many of these old students, themselves occupying high places and positions, come back to the college for educating their progeny. They believe that they have acquired the skills and values ingrained in them, which helped them to succeed in their lives, in this institution. They not only remember their college for its academic excellence, its committed faculty and dedicated principals, but also for its ever-growing impressive infrastructure and star sportsmen, and its rich ambience of other co-curricular activities.

DISTINCTIVE FEATURES

Every student enrolled with us is allowed perceptive freedom to excel in his or her chosen field of endeavour and interest. That is one reason, we believe, has helped us in moulding career of some of the best young men & women of this region. The offering of maximum facilities to the students so that they fulfill their potential has been the hallmark of the college. All incentives in the college, be they in the form of special coaching or counselling, extra books, sports equipment, fee concessions, stipends, scholarships, etc. have not really to be applied for. They are theirs by exhibiting the potentials for excellence in the field of academic, extra-curricular and sports activities.

The infrastructure and student support facilities available in the college have enabled us to remain on top in the region. Our students continue to bag top positions in studies. We have successfully launched Postgraduate programs in Commerce, Biotechnology, Chemistry, Mathematics, Physics, Zoology, English, Economics, Psychology, Public Administration, Sociology and P.G. Diplomas in various fields.

The college has earned respectable name in the field of sports. We have produced 69 International Sportsmen & Women like the legendary Kapil Dev, Yuvraj Singh, Yograj, Dinesh Mongia, Jeev Milkha Singh, Irina Brar and Anjum Moudgil. This tradition is alive and kicking even today. Young scholars, inspired and fired by glowing examples of their predecessors, do their best to maintain the high levels of excellence year after year that are very rarely achieved elsewhere. When they come here, success is only a sacred word in their prayers; when they leave, success is actually a solid weapon in their hands. With this weapon they proceed further to win all battles of life.

The coloured achievements of the college in the field of education, cultural activities and sports have enabled us to play host to four Vice-Presidents, one Prime Minister, several Union Ministers, Governors, Chief Ministers, great religious Leaders and other dignitaries. They have graced our functions on many occasions to bless and motivate the students and staff.

DEVELOPING THE VIRTUAL CONNECT

The global pandemic caused by the COVID 19 has made the internet-based education (e-learning) the most effective and operative way for the delivery of the educational content to fulfill the relevant academic needs of the students and provide them a resilient academic environment. To accomplish this, the College curriculum scheduled for the academic session, an Online Teaching and Learning Strategy framework was built to provide effective and individualized instruction for all students. Online classes by using Meet, Zoom, WebEx were successfully being undertaken by the faculty members. The ICT tools and resources like G-Suit - which includes Gmail, Calender, Classroom, Drive, Docs, Sheets, Slides, Forms, etc. were used by the teachers. Developing the skill to use Google classroom, Online quiz using quizizz.com and YouTube Channels has strengthened the bond between the students and the teachers. Course-specific Whats-App groups were created to facilitate the teaching learning connect .

In order to keep the students engaged in the learning process and to encourage a holistic development of the students beyond the regular classroom teaching, D.A.V. College took the initiative to start series of live web-based webinars for its students across academic disciplines. These online webinars organized by the different departments, permitted a free flow of ideas from experts, and are increasingly popular among the students as well as faculty.

SOCIAL COMMITMENT

A practical demonstration of our students' attitude can be seen in the love and concern they develop for their country and their community. They actively imbibe the spirit of social service and many of them join the armed forces. We have dedicated our Administrative Block and named it 'Shaurya Bhavan' in memory of the martyrs from our college. The idea of service to the community and the nation is reinforced through the homage that is paid to the martyrs at their memorial in the college before the start of any function by all dignitaries visiting the college from time to time. Our students actively involve themselves in programs like Blood Donation, Drug-de-addiction, AIDS awareness, Pulse Polio Campaign and service to the blind, etc. We have also joined a project to give shelter to street children. We have been holding computer literacy classes for senior citizens of the city for free. More than 500 senior citizens have benefitted so far by this initiative.

EQUAL OPPORTUNITY CELL

This Committee has been constituted to extend help to the differently abled students studying in our college. The Cell explores various possibilities to take care of the urgencies and needs of the differently abled students of the College. This College

endeavors to help the differently abled students develop their personality to the full and be a part of the mainstream.

The Committee has constituted a special cell in the name of 'Lead kindly light', which shall act as a mediator between the pool of volunteer writers and the visually impaired students to help the latter write their college as well as University exams.

TEACHING/ LEARNING AND EVALUATION

The college enjoys its enviable position because of effective teaching-learning and evaluation processes. Students are provided appropriate counselling at the time of admission and offered admissions purely on the basis of their past academic performance. Their growth, skills and attendance in class are regularly monitored and their parents are kept posted with their wards' performance. A system of continuous assessment and appraisal of students has been introduced.

The courses set by the University are covered intensively with the help of all available teaching aids in the college. The faculty use computers/ multimedia/ audiovisual aids to make lectures interesting. A variety of teaching methods combining the traditional lecture with laboratory-based practical, tutorials and seminar teaching, wherever required, are employed. Term wise teaching plans and unitized syllabi help the students/ teachers gauge their performance and progress. Subject related quizzes, contests, etc. are arranged to monitor students' reading, and for creating interest in and awareness of the subjects. All departments have their own subject societies for arranging extra-curricular activities. All students are encouraged and trained to develop one or the other interest as a hobby. Their participation in such activities is duly rewarded accordingly.

RESEARCH CELL

INFRASTRUCTURE

Our greatest advantage is that the college is located in the heart of the city and is easily accessible to commuters from outside as well as to the ones from different sectors of the 'City Beautiful'. We have a huge building with spacious classrooms, sprawling lawns, a beautiful seminar complex with audio visual aids, two auditoriums, 27 sophisticated labs, Language Lab, Smart classrooms and vast playgrounds. Facilities such as State Bank of India ATM, a Cyber Cafe, Photocopy Shop, Phone Recharges, Bookshop, General Merchant Shop, Fruit & Juice Shop, Cobbler Shop, Dry Cleaner, Coffee House, Nescafe vent, Canteen, well equipped Gymnasium and Beauty Parlour for Hostel Girls are also available on the campus.

A doctor remains on duty in the college dispensary to attend to the minor ailments of staff and students.

HEALTHY PRACTICES

The College attempts to cater to the special needs of all students in various ways. It organizes remedial classes and makes special arrangements for advance learners. It provides an environment which facilitates learning.

Ragging, drinking and smoking are prohibited on the campus. Musical concerts, which encourage vulgarity and obscenity, are not allowed in the college. Anti-drugs, antiviolence and anti-alcohol programmes are organized by the active participation of the Students' Central Association. The students are only allowed two wheelers on the campus so that they realize the need of observing some austerity, and also contribute to the conservation of natural resources. Our endeavour is to produce sensitive and successful humans in tune with the demands of modern times.

WASTE MANAGEMENT

The college has well established Waste Management Society which takes care of cleanliness and utilization of organic waste in the campus. Waste management committee has been actively involved in waste management in the college campus. In the hostels composters are installed to convert organic waste like; vegetable- peels, left-over food etc. into compost, which is utilised in the college campus. It is eco- friendly and an ideal method of disposal of wet waste. To make the students and faculty aware regarding the impact of dumping of waste in the surroundings and the methods of disposal, which can be manageable at home by every individual, webinars, workshops, rallies and seminars are organized by the society. More over for hygienically disposal of used sanitary napkins electrical machine has been installed in the campus to make it pollution free.

GRIEVANCE REDRESSAL COMMITTEE

Our institutional ethos is centered on the broader human values of justice, equity and dignity and to implement these principles we have a Grievance Redressal Committee in the college. The committee takes up all issues including those of complaints of alleged discrimination of students on the basis of caste, colour, creed, region, religion or disability. A grievance box is also set up in the college for complaints, which are addressed by the Committee constituted for its redressal.

COMMITTEE AGAINST SEXUAL HARASSMENT

The College ensures that all Students, faculty, Staff, Karamcharis and Officials treat one another with due respect and that the institution remains a healthy and safe seat of work and study bereft of any kind of sexual harassment, unwelcome sexual advances, requests for sexual favours and other visual, verbal or physical conduct of a sexual nature. The college has constituted a Women Cell and a Cell against sexual harassment to deal with all such issue. The motto is:

“Know your rights- sexual harassment is illegal, both the law of the land and the college prohibit sexual harassment”.

“Speak-up if you can, tell the person to stop. State clearly and firmly that you want a particular behavior to cease”.

“Get information and support- if you feel you cannot speak up, ask your friends to help you and bring in to the notice of the college authorities. Keep records that might be useful for pursuing the case”.

PARENT TEACHER ASSOCIATION

Every educational institution has its own set of values by which the standards of that institution are assessed. It is not sufficient for the college to send to parents a list of college rules to which the students are to be subjected to. It is most important for parents to understand the essence of those rules and regulations. Such understanding can only be derived in the form of **PARENT TEACHER ASSOCIATION**. Parents need to understand the rules and regulations so as to encourage their children to abide by them and, as such, support the institution to keep the standards and values intact in the interest of the students. Thus, in a forum of this nature, there is bound to be an entente between the parents and the teachers which go a long way to help the students. Meetings like this have the advantage of a very frank and open discussion which leads to resolutions being taken in the interest of all. A student's academic success is greatly enhanced when teacher and parents are partners in the process. A variety of communication methods are required to build and sustain solid relationships with parents. A teacher is the second most important person in a student's life (after his/her parents of course). A positive parent-teacher relationship helps the students to feel good about the institution and excel in academics. PTA is essential for students to perform excellently both academically, morally and spiritually. Keeping all these facts in mind the parent teacher association of DAV College, Chandigarh is performing the tasks that have been assigned to it through the regular parent teacher meetings held after short intervals. The students/ parents can visit this link: (<http://www.davchd.com/Feedback.aspx>.) for their suggestions, grievances and feedback.

MENTORING

Mentoring is a professional activity, a trusted relationship and a meaningful commitment. The origin of mentoring can be traced back to the ancient Indian Hindu vision of learning as exemplified in Upanishad which literally means "sitting near a teacher to receive sacred teachings". Mentoring, therefore, is modeled on the historical craftsman/apprentice relationship, where young people learnt a trade by shadowing the master artisan. This process trains the young minds to the intricacies of social, spiritual and personal values as well. Keeping in view this healthy practice, mentors have been appointed for every class in our college for better communication between the teacher and the taught.

The DAV College Managing Committee envisions our college as a healing intervention in the society where we learn that we are a rainbow and not a bow. This noble goal can be achieved by developing our academic matrix and promoting the foundational values like work culture, spirit of public service, inculcating discipline, dedication & determination in students. With such values imbibed in them, they can achieve any goal. The effort of college is to put all its existing resources to maximum utilization and ensure a comprehensive growth in every student of the various disciplines.

With the growing technology, it is required to keep youth embedded to human values and allow them to fly by keeping them rooted to the underpinning principles of the institution so that whenever they fly and whatever they do, the values and fragrance of our institution also spread through our outgoing students. With this philosophy in mind we try to impart IT enabled education in a conducive atmosphere leading to intellectual, spiritual and academic growth of students with an aim to build professional attitude, communal harmony and nurture lofty ideals of Vedic Culture.

Empowering the young students by providing them holistic education with emphasis on alignment of theory with practice, academia with industry and fostering the sense of enterprise with motivation and professionalism.

OUR MISSION

To give a practical shape to the ideals of Swami Dayanand's educational philosophy that aims to develop a modern scientific approach among the students, coupled with an understanding of their roots in the Ancient Vedic Culture.

- To provide a unique and different learning environment in the stream of Science, Commerce, Management, Humanities & Information Technology by imparting knowledge, skills, hands on practical training and industry exposure along with a strong value system in order to groom the students as competent, dynamic and socially awakened citizens of the country.
- To impart scientific and technological knowledge with the human face entrenched in the rich cultural history and heritage of India so that students can get attuned to the Anglo-Vedic values.
- To disseminate quality education and to focus on holistic development of students.
- To create a healthy human resource blessed with the values of intelligence, morality and spirituality.

Lal Chand Research Library:

Another landmark feature of our college is Lal Chand Research Library which has completed 100 years of its existence. The library was established in 1917 in Lahore by the DAV College Management Trust and Society after the name of Rai Bahadur Lal Chand, the first president of the Trust. Thousands of manuscripts were collected from the nooks and corners of various villages around Lahore and other areas. Unfortunately, at the time of the exodus brought on by the Partition, a lot of these valuable manuscripts were lost or burnt. However, there were some very dedicated and fearless individuals who somehow managed to rescue some of this priceless wealth. Those manuscripts that could be saved were kept at a godown in Amritsar and in Vishveshvaranand Vishwa Bandhu Institute of Sanskrit and Indological Studies, Hoshiarpur, under not-so-ideal conditions. In the late nineties these were brought to the D.A.V. College, Chandigarh where a herculean effort is underway to preserve and protect them. The library today has a collection of almost 8,360 rare manuscripts. Apart from the manuscripts, as many as 10,303 rare books are also part of the library's inventory. As many as 6,462 manuscripts are paper based, while 1,898 are written on palm leaves in various Indian and South Indian scripts namely Devanagari, Sharada, Grantha, Gurumukhi, Utkal, Banga, Nandi, Nagari, Kannada, Malayalam, Tamil and Vartala. Apart from Kautilya's Arthshastra, Valmiki's Ramayana, Mahabharata and the Bhagvad Gita, Shankar Bhashyam among many others, the manuscripts also comprise Ashvalayan Sharut Shutra, the first 'Shutra' (ritual manuals) of Rig Veda, and Kartika Ratnam. This astonishing collection spans 45 subjects, including the Vedas, Brahmanas, Dharmashastras, literature, philosophy, art, astronomy, architecture, ethics and linguistics. Detailed records of drawings and measurements of monuments such as the Taj Mahal, the Qutab Minar and the Golden Temple can also be found here. Some of the rare books stocked here are Nirukta, a standard in linguistics by author Yaska, Charak Samhita, Mahabhasya, Leelawati and Kamasutra. Then there are some very rare ones on Ayurveda. However, in many manuscripts, the year of composition is not mentioned. Most writers did not even give their names to the scriptures they wrote. The library has a

rare book on medicinal plants by Major BD Basu that was published by Panini Office, Allahabad in 1918. These manuscripts are being given a new lease of life in our college and have been preserved for posterity. The paper manuscripts have been laminated and the palm leaf manuscripts have been incised with a metal pen. The blackening of the text on palm leaf manuscripts is being done with the periodic application of lemon grass oil with coal dust. The rich collection of paper manuscripts is being uploaded on the website: www.splrarebooks.com. The staff at the library of D.A.V. College, Chandigarh has worked wonders with this archival treasure. With the aid of latest technology, we have succeeded in protecting and preserving this magnificent heritage. Many scholars from India and abroad have shown keen interest in these manuscripts and books. The sustenance of more than 100 years of this rare treasure of ancient knowledge owes its existence to the efforts of authorities and the team work and dedication of library staff. We work on the principle of preserving the heritage for posterity.

D.A.V. College Alumni Association

The alumni association is the most important part of an educational institute. It says a lot about the quality of education imparted in that institute. Part of the reputation of a college rests on its Alma Mater. After the students complete their education, they begin their journey in various walks of life. Many of them attribute a lot to the kind of education, grooming, opportunities, co-curricular activities and facilities provided by their college. Many students like to come back to their college that has been a very important part of their memory. They feel obliged to the Institute that opened new avenues of job for them by building them academically strong. The D.A.V. College Alumni Association was formally launched in 2002-03. The objectives of the Association are:

- i) to promote and inspire a feeling of fraternity between all the old students.
- ii) to strengthen the link and tie of fellowship between the present students, members of the teaching staff of D.A.V. College, Chandigarh and the old students in the country and abroad.

The Students' Central Association

The SCA is an important link in the redressal of students' grievances. It is also an asset to the college in the maintenance of decorum/ discipline in the college; arrangement of various college functions, etc.

The Students' Central Association guards the best interests of the students. Our approach in this matter is reflected right from the way we use the idea of students' election. We work from the belief that early exposure of the students to electoral process is a good idea, provided it is taken up in the right manner. In our college we have reduced the intervention of the political groupings to the minimum level.

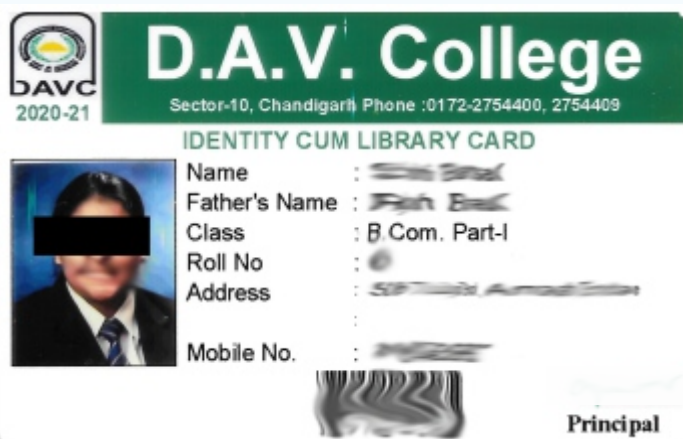

No doubt the student groups have affiliation with the student bodies of political parties. The difference we make is that we involve all students in matters of their immediate interest thus leaving them no space to peddle the bad practices of the professional politicians. These have no impact on our students as they are made to strictly adhere to necessary election codes. Our students contest the most peaceful.

Our students contest the most peaceful election without taking recourse to the mean methods of influencing the voters.

Once the elected body is put in place, all types of election fever and rivalries are forgotten once and for all. Even those students who have lost in the contest continue to get full attention if they bring up the genuine problems concerning the students.
