Zoological Trip

Welcoming the lifting of COVID norms after a gap of two years the, PG Department of Zoology organized a tour to Mahendra Chaudhary Zoological Park for MSc. 4th Sem students on 31st March 2022. Accompanied by their subject teachers, the students took this exciting field trip to study the morphology, habits and habitat of various fauna like birds, reptiles and mammals. The students visited the aviary and the Dinosaurus Park and took the lion Safari. The photographed the animals and prepared the report about their significant recordings.
