## From the President's Pen

DAV's vast, pervasive network of institutions owes its strength and sustenance to the age-old values and wisdom that are so reverently enshrined in the Vedas. When Swami Dayanand gave the historic call 'Back to the Vedas', he laid the foundation of a noble society founded on the moralistic principles of Vedic wisdom. Thus was created "Arya Samaj", Swami Dayanand's dream for the betterment and upliftment of society. And when Mahatma Hans Raj carried forth the torch of Vedic light into the field of education, DAV - Dayanand Anglo-Vedic-institutions were created.

DAV, right from its point of existence, embodies the spirit of sagacity and sacrifice that was so deeply entrenched in the lives of the renowned stalwarts such as Mahatma Hansraj and Lala Lajpat Rai. In my discourses, I often highlight the strategic wisdom of the placement of the three letters D,A,V where "Anglo" refers to Western philosophy and knowledge, and its position in the middle signifies the wonderful balance that our institutions achieve, that is, to remain rooted in the Vedic values revered by Swami Dayanand, while imbibing the best of Western thought.

For DAV, there is no limit to the attainment of knowledge because our Vedas inspire us to delve into the soul as well as seek awareness of all that the outer world has to offer. It is due to this divinely powerful combination of the mind and the soul that DAV, with a strength of nearly 800 institutions, has spread all over India as well as abroad.

Our challenging journey towards excellence goes on.

*His quest for excellence has become an instrument of positive change and myriad innovations*

## From the Principal's Desk

Welcome to DAV College, Chandigarh, a college with a great legacy and a promising future. In fact, DAV College is more than a college. It's a learning organisation, a community of practice. Being part of this illustrious institution one is bound to experience a wonderful sensation of the sane and sacred inhabiting the place around. Espousing the idea and ideals of education espoused in principle and practicality as lucidly illustrated by the philosophy of Arya Samaj, our college has always foregrounded the Sanatan principles of life aiming at the harmonious development of the physical, mental, spiritual, and social faculties for a life of dedicated service; and subsequently, on the way, waking the learners up to the interdependencies of all things, to the power within the human race to create alternatives, to the obstacles entrenched in economic, social and political and cultural structures that prevent their quest to the pursuits of wholeness.

Friends, under the auspices of globalization, the entire academic paradigm is witnessing rapidly shifting trends and tendencies in the modes, methods and meanings of living. Hence, while imparting education and creating competency suited to the contemporary knowledge economy, we fully understand the urgent need to embrace these transformational changes without disturbing the notion of the interconnected nature of existential reality and valued continuum in tradition. ## OUR VISION AND MISSION

### OUR VISION

The college is already established and known as a premier institution of holistic learning. It is undoubtedly one of the best colleges in Northern India, accredited with 'A' grade by NAAC, Bangalore. The college has also been ranked very high (NIRF 2022, Rank Band 150-200). The DAV College Managing Committee envisions our college as a healing intervention in the society where we learn that we are a rainbow and not a bow. This noble goal can be achieved by developing our academic matrix and promoting the foundational values like work culture, spirit of public service, inculcating discipline, dedication and determination in students. With such values imbibed in them, they can achieve any goal. Effort of the college is to put all its existing resources to maximum utilization and to ensure a comprehensive growth of every student in various disciplines. With the growing technology, it is required to keep youth embedded to human values and at the same time, allow them to fly while keeping them rooted to the underpinning principles of the institution, so that whenever they fly and wherever they go, the values and fragrance of our institution also spread through them. With this philosophy in mind, we try to impart advanced education in a conducive atmosphere leading to intellectual, spiritual and academic growth of students, with an aim to build professional attitude, communal harmony and to nurture lofty ideals of Vedic Culture.

### OUR MISSION

#### Our Mission is:

- To empower the young students by providing them holistic education with emphasis on alignment of theory with practice, academia with industry and fostering the sense of enterprise with motivation and professionalism.
- To give a practical shape to the ideals of Swami Dayanand's educational philosophy, which aims to develop a modern scientific approach among the students, coupled with an understanding of their roots in the ancient Vedic Culture.
- To provide a unique learning environment in the streams of Science, Commerce, Management, Humanities and Information Technology by imparting knowledge, skills, hands-on practical training and exposure along with a strong value system, in order to groom the students as competent, dynamic and socially awakened citizens of the country.
- To impart to the students the best of the new world humanistic, scientific and technical knowledge with the strong sense of history of their rich cultural heritage - the Anglo and Vedic values.
- To spread quality education and to focus on holistic development of students.
- To foster a healthy human resource who is intellectually, morally, spiritually as well as physically blessed.

## STUDYING AT DAV COLLEGE

### DISTINCTIVE FEATURES

Every student enrolled with us is allowed complete freedom to excel in his or her chosen field of interest. That is one reason, we believe, which has helped us in moulding careers of some of the best young men and women of this region. To offer maximum facilities to the students so that they may realise their full potential, has been the hallmark of the college. All the incentives, including, special coaching or counselling, extra books, sports equipment, fee concessions, stipends and scholarships etc. are provided to all the deserving and deprived students, for showing potential for excellence in any field of academic, extracurricular and sports activities. Our students continue to get to the top positions in studies. The infrastructure and student support facilities available in the college have enabled us to acquire the topmost position in the region. We have successfully launched Postgraduate programs in Commerce, Biotechnology, Chemistry, Maths, Physics, Zoology, English, Economics, Psychology, Public Administration, Sociology and P.G. Diplomas in various fields. We have produced 69 internationally acclaimed sportspersons, to name a few - the legendary Kapil Dev, Yuvraj Singh, Yograj, Dinesh Mongia, Jeev Milkha Singh, Irina Brar & Anjum Moudgil. This tradition of generating legends in the field of sports is still alive. Young scholars, inspired and fired by glowing examples of their predecessors, do their best to maintain the highest level of excellence, year after year, which is highly remarkable and commendable. When they come here, success is only a sacred word in their prayers; when they leave, success is actually a solid weapon in their hands. With this weapon they proceed further to win all battles of life. Our achievements have enabled us to play host to four Vice-Presidents, one Prime Minister, several Union Ministers, Governors, Chief Ministers, great religious Leaders and other dignitaries. They have graced our functions on many occasions to bless and motivate the students and staff.

### SOCIAL COMMITMENT

A practical demonstration of our students' attitude can be seen in the love and concern they develop for their country and their community. Students of our college actively imbibe the spirit of social service and many of them join the armed forces. We have dedicated the Administrative Block in memory of the martyrs from our college and named it as 'Shaurya Bhavan'. The idea of service to the community and the nation is reinforced through the homage that is paid to the martyrs at their memorial in the college before the start of any function, by all the dignitaries, visiting the college from time to time.

Our students are actively involved in social welfare programs like Blood Donation, Drug-addiction, AIDS awareness, Pulse Polio Campaign and services to the blind, to name a few. We have also joined a project to give shelter to street children. As a gesture to thank our senior citizens and get benefits from their experiences, the college regularly conducts free technology up-gradation classes for them. More than 500 senior citizens have already benefitted so far from this initiative and the joy and wisdom they bring to these classes are unparalleled.

### EQUAL OPPORTUNITY CELL

This Committee has been constituted to extend help to the differently abled students studying in our college. It asks for student volunteers, who step forward to share the responsibility of exploring various possibilities to take care of the urgencies and needs of the differently abled students of the College, under the guidance of a panel of faculty members.

This college endeavors to help the differently abled students develop their personality to the full and be a part of the mainstream.

The Committee has constituted a special cell in the name of 'Lead Kindly Light', which acts as a mediator between the pool of volunteer writers and the visually impaired students to help the latter write their college as well as University exams.

Besides this, the cell holds events to create awareness, with the volunteers being persistent in their efforts to help the differently-abled with office visits, documentation formalities for scholarships and other purposes, hostel accommodation, helping to ease their financial predicaments and making their movement around classes and college as comfortable as possible.

## TEACHING/LEARNING AND EVALUATION

The college enjoys its enviable position because of effective teaching-learning and evaluation processes. Students are provided appropriate counselling at the time of admission and offered admissions purely on the basis of their past academic performance. Their growth, skills and attendance in classes are regularly monitored and their parents are kept posted with their wards' performance. A system of continuous assessment and appraisal of students has been introduced. The courses set by the University are covered intensively with the help of all available teaching aids in the college. The faculty use computers/

multimedia / audiovisual aids to make lectures interesting. A variety of teaching methods combining the traditional lecture with laboratory-based practical, tutorials and seminar teaching, wherever required, are employed. Term wise teaching plans and unitized syllabi help the students/teachers gauge their performance and progress. Subject related quizzes, contests, etc. are arranged to monitor students' reading and for developing a better awareness and understanding of the subjects. All departments have their own subject societies for arranging extra-curricular activities. All students are encouraged and trained to develop one or the other interest as a hobby. Their participation in such activities is duly rewarded accordingly.

To promote student-centric learning, the college provides its students with an anytime-anywhere learning platform through its Learning Management System implemented using GSuite. The teachers provide all kinds of notes, video lectures, assignments and quizzes etc. through Google Classrooms that the registered students can access any time. Regular virtual meetings are also planned for needy students through virtual meeting platforms like Meet, Zoom, WebEx etc.

## MENTORING

Mentoring is a professional activity, a trusted relationship and a meaningful commitment. Mentoring program at DAV College is meant for enabling constructive and positive interaction between students and the teachers so as to provide proper guidance and mentorship. In the

beginning of the session, each student is assigned a mentor teacher who remains available throughout the session to provide emotional, academic and social assistance. Name and details of the mentor assigned to the student will be available on the student's portal at the beginning of the session and the student can communicate with his/her mentor any time at a simple click of a button. If required, the mentor will arrange a physical meeting also so as to effectively help the student.

In addition, the faculty mentor regularly monitors the academic performance of every student. Slow students are counselled individually and the parents are also informed.

## PARENT-TEACHER ASSOCIATION

Every educational institution has its own set of values by which the standards of that institution are assessed. It is not enough to send a list of college rules to the parents to which their children would be subjected to. It is most important for parents to understand the essence of those rules and regulations and be a part of the team that forms these rules. Such understanding and involvement can only be derived in the form of PARENT TEACHER ASSOCIATION. Meetings of the association always have the advantage of very frank and open discussions which lead to resolutions being taken in the interest of all. PTA is essential for

excellent performance of the students academically, morally and spiritually. Keeping all these facts in mind the parent teacher association of DAV College, Chandigarh is performing the tasks that have been assigned to it. Aims of the PTA are:

1. To act as a link between the teachers and parents.
2. To support and facilitate the development of the college.
3. To encourage students in their studies and extra as well as co-curricular activities.

## RESEARCH CELL

DAV College is one of the few colleges in the country, which has established a Research Cell for the purpose of promoting research temperament and culture among students. The college has been allotted four research centers in the subjects of Chemistry, Zoology, Biotechnology and Physics. The college was granted Rs 1.5 crore by FIST for creating the requisite infrastructure to carry out quality research in the college. In the year 2020-21, DST-FIST in continuation with its earlier grant, also accorded a sanction of Rs. 45 Lacs to the college for the creation of Capital Assets for equipment. In addition to this, several major and minor projects sponsored by the U.G.C. and other funding agencies are undertaken by the faculty members from time to time. The faculty has, to its credit, 6 Major and 3 minor projects sponsored by UGC, Department of Science and Technology, Science and Engineering Research Board and Department of Biotechnology. The college makes continuous efforts to promote research temperament among the students also. For this, the college has well established state-of-the-art laboratories where teachers guide and involve students in research work. The College boasts of 100 research scholars who are being supervised by faculty members of the college for their PhD at Panjab University.
