

Report on Webinar

Paradigm shift in Education Post COVID 19

A webinar was conducted on Paradigm shift in education post covid 19 by department of B.A., B.Sc.- B.Ed. on June 10, 2020. The resource person for the occasion was Dr. Manoj Kumar, principal, DAVIET, Jalandhar. A brief introduction of the resource person, highlighting his achievements, was shared by Dr. Manisha. The program was started by a welcome note by head of department, Ms. Anu Sharma. then respected Principal, Dr. Pawan Sharma, was requested to share his views on this current pandemic and its effects on education. Then our esteemed resource person, Dr. Manoj Kumar, put light on the present pandemic scenario. He discussed in detail its effects on various fields especially, on education, in a developing country like India. He made students aware of how to bring ourselves in adjustment to this pandemic, when the virtual contact has become the only way to contact our teachers and peer members. He also discussed the post covid effects which will bring permanent impact in the system of education. He also discussed the constraints which we have to face to bring the teaching learning process to the best of output. Also, the various platforms for online teaching were wonderfully explained. Students were enlightened by the various learning resources which are available online. He also motivated the students to have strong hold on the emotions as this is a short span of tough time and will pass away soon. In the end, he prayed to God that this tough time should end soon. At last, a vote of thanks was given by Dr. Manisha. With this, the webinar came to an end with a big success.
